

シーニックナイト2026 in ニセコ Scenic Night 2026 in Niseko

Let's Make This Winter Unforgettable
冬の思い出をNisekoに残しませんか

This year, the iconic “NISEKO” letters will once again be carved from snow and softly illuminated by candlelight.

On the final evening, enjoy a spectacular fireworks display that brings the event to a magical close.

Why not join us and be part of the experience? Help carve the letters and set up the beautiful candle lights. You're welcome to join at any time during the event—just remember to dress warmly. We look forward to seeing you there.
